Dear Mom & Dad,

We're packing for the trip, but I wanted to send you some information on housing. Reston is a very nice planned community near Dulles Airport that I'm thinking about for Mary & Mike. There is frequent bus service to downtown. As you can see, the rents are not too exorbitant.

Now you should consider living either near us or near Mary. Our area is closer to downtown but there would be advantages to being close to Mary.

I think you should make the decision to move, then when we are looking around with Mary I could find a suitable place to for you. I know you have a lot of belongings to move or store. Perhaps the best idea would be to just call the movers and, if necessary, put some things in storage. We are very anxious to see you back here and know you would never regret it -
